

Brush Tip Graining Markers

The Brush Tip Graining Markers are so popular we are expanding our color line. See reverse side for new colors. They feature a micro brush tip applicator. This revolutionary marker and tip allows you to apply color exactly where it is needed without any messy powders, fluids or odors. This is the perfect color tool for service technicians, shop technicians or factory line technicians.

The Brush Tip Graining Markers come ready to use. Simply stroke or dot on color where it's needed. To soften or blend the color, tap the color while it is wet with a clean cloth. Can be top coated with any of our Mohawk aerosols for extra protection. This is simply the easiest marker that you will ever use!

Uses for the Brush Tip Graining Marker:

- Use to add grain lines or alter the color of a *Fil-Stik® Putty Stick, Quick Fill® Burn-In Stick, PlaneStick® Burn-In Stick or E-Z Flow™ Burn-In Stick*
- Add color to small sand thru areas on a face or edges of a wooden part
- Add or alter color in any small defect

Available in 24 wood tone colors and four 6-pack assortments.
