Product Data Sheet

Scratch Remover

M851-0005

0.5 oz. tube

Product Description: Scratch Remover is a simple solution for healing and blending surface scratches or rubs on natural leathers. It helps restore the surface color as well as blend the damage. It is very effective on fingernail scratches in aniline leather. For some leathers Mohawk Pull-Up Revive may provide the best solution. It is important to test all products in an inconspicuous area.

Characteristics:

Physical state: Semi paste

Package life: Maximum 1 year from date of manufacture, must be kept in original container.

Storage: Protect from freezing. Store above 40° f.

HMIS:

Health: 1

Flammability: 1

Reactivity: 0

Personal Protection: B

Specifications:

Leather type usage: Scratch Remover is used on natural leathers (not for pigmented or nubuck leathers).

Pre-test: Apply Scratch Remove in a hidden area. If the product darkens the leather after drying, do not use. Conversely, as part of its normal action, Scratch Remover transfers some color to the cloth while moving and blending color over the scratch. However, the color transfer may be too dramatic on very sensitive leathers. Therefore, check the tested area for both darkening and lightening of the color. If you are not satisfied with the result, do not use.

Directions: Apply Scratch Remover to a lint-free cloth and rub gently into surface scratches or areas that need restoration. Continue until the scratch is blended. It may be necessary to blend Scratch Remover into a larger area to make sure the scratch is completely hidden. Massaging may be needed on deep scratches. After the repair is completely dry, treat the leather with Leather Protector for protection against soiling and for easier cleaning in the future.

Safety cautions: Use only in a well ventilated area. Avoid contact with eyes, skin and clothing. Avoid breathing vapor. Additional local exhaust ventilation is recommended where mists or vapors may be released.

KEEP OUT OF REACH OF CHILDREN.

MSDS: If Material Safety Data Sheet is required, contact:
