Product Data Sheet

Quick Clean

M107-3012 (13 oz. aerosol)

Product Description: Mohawk QUICK CLEAN is a combination of solvents that removes unwanted foreign materials from most surfaces prior to applying a new finish or repair work of finished surfaces. QUICK CLEAN is ideal for cabinets, furniture, appliances, woodwork, and other finished surfaces.

Advantages

- • Remove unwanted glaze during the glazing process
- • Remove labels and glue from most surfaces
- • Clean and prepare finished surfaces prior to applying an additional finish coat

Characteristics:

Solids (wt): 0%

Air quality data: non-photochemically reactive

Package life: 3 years

All values theoretical; not intended to be exact QC specifications.

HMIS: Health – 2, Flammability – 4, Reactivity – 0, Personal Protection – X

Specifications:

Directions: Spray QUICK CLEAN on to a clean white absorbent cloth. Test the surface that you will be cleaning in an inconspicuous area by rubbing the area with the wet part of the cloth. If the surface becomes tacky then do not use this product to clean. Briskly wipe over surface with your QUICK CLEAN moistened clean white cloth, constantly revolving the cloth while wiping, so that foreign material will absorb into the cloth rather than be redistributed on the surface. Once the surface has been damp washed in the above manner, wipe off residue with a clean dry cloth and allow to dry for a few minutes before the application of a finish or before polishing. Use only as directed.

Safety and Other Precautions: Read MSDS for precautions before using product.

MSDS: If Material Safety Data Sheet is required, contact:
